ALUMNI SCHOLARSHIP PROGRAM

FEU-NRMF International Medical Technology Alumni Society (MTIAS) Scholarship

The FEU-NRMF MTIAS, which is based in the United States of America, awards Scholarship Grants of US\$300.00 per semester to second to third year students who have demonstrated excellence in academics and other endeavors, and who have shown leadership in the school and the community. These scholarships are in the form of a partial tuition fee (~30%) every semester and are renewable every semester upon completion of the Eligibility Requirements.

The student must have a GWA of 2.50 or higher to be eligible and must be enrolled in a minimum of 20 units per semester at the FEU-NRMF School of Medical Technology. To maintain the scholarship, the students must garner a GWA of 2.50 or greater each semester with no grade lower than 2.50.

Application forms may be obtained at the SMT Office.

The MT International Alumni Society Scholarship Program

In June 2021, 4 scholastic scholars for school year First Semester 2021-2022 School year were selected.

50 Most Outstanding Alumni Awards

"Glorifying the Past – FEU-NRMF Golden Anniversary Celebration"

In line with our Alma Mater's golden anniversary celebration themed "Glorifying our Past, Inspiring the Future", fifty out of over 30,000 graduates will be recognized who have performed exemplarily in their chosen professions and whose accomplishments have brought reflected pride and glory to this prestigious institution.

On AUGUST 25, 2021 at 5:00 PM (GMT+8) through Facebook page (www.facebook.com/mfeunrmf), the winners were announced recognizing remarkable individuals for their contributions as leaders, career achievers, educators, researchers, community servants, and those who have devoted their professional lives to their Alma Mater. Here is the link to the event:

Here are the 9 awardees from the School of Medical Technology and Laboratory Science:

Dan Dominguez for Leadership
Cyd Sartoris for Research
Shirley Fabian Cruzada for Education
Rey Salta for Achievement
Walter Bayubay for Career Achievement
Nardito Moraleta
Lennie Natividad
Filipinas Papa
Robert Manois for Career Achievement

News from our Alma Mater

July 19, 2021: Announced the appointment of Magdalena F. Natividad, PhD as Vice President for Academic Affairs, Far Eastern University-Nicanor Reyes Medical Foundation

August 2021: Mabel de Guzman appointed as the new Dean of the School of Laboratory Science/MT

MESSAGE FROM THE NEW DEAN OF THE SCHOOL OF MEDICAL LABORATORY SCIENCE:
MA. BENILDA DE GUZMAN

It is with great pleasure that I share the achievements of the School of Medical Laboratory Science (SMLS) of the Far Eastern University-Nicanor Reyes Medical Foundation.

Since its establishment in 1961, the MT/MLS Program of FEU-NRMF has produced graduates who are globally competitive, highly employable, and many of whom have become prominent in the national and international scene. It has produced prominent health practitioners, PRC licensure examiners, a Licensure examiner in California, government health officials, and officers of national and international organizations such as the Philippine Association of Medical Technologists (PAMET) not only in the Philippines but also in the United States, and the Philippine Association of Schools of Medical Technology (PASMETH).

The Medical Technology/MLS Program has produced more than 350 Medical Technology Licensure Examination topnotchers since the examination was started in 1970. It is consistently recognized by PRC as one of the top-performing schools in the country with an average Passing Rate of 97% in the last five years.

The students and faculty have been enabled to participate in linkages forged with international institutions including, KhonKaen University (Thailand), the ASEAN Association of Schools of Medical Technology (AASMT), the Pan-Asian Biomedical Science Consortium (PABSC), and The Consortium of Allied Health Science Colleges and Universities that is composed of the Daegu College of Health Sciences (South Korea), the KhonKaen University (Thailand), Kumamoto University (Japan), and Centro Escolar University (Philippines) and the FEU-NRMF (Philippines).

Through the strong support of the University management, competent faculty members, and staff, these achievements are some of the great prides of Far Eastern University-Nicanor Reyes Medical Foundation.

Update on the MTIAS GoFundMe

GoFund Me Project: Started in March 2021 with a \$7,000 target to help achieve our Outreach Projects. Organized by our PRO Ma. Flor Gutierrez and our President Cyd Sartoris. As of May, we have reached the 25% of our target. To all who contributed - **our deepest thanks!** And to those who wanted to participate in helping deserving students through the Scholarship Program, our Outreach Programs with our Indigenous People, the poorest in our midst through ANAK and PPF - **your help is very much appreciated!**
